Dedication

Lee Russell

Photo by Mike Ross, Fosters Daily Democrat

Lee Russell, A Legend of the Forest in Strafford County. "The importance of his work will be seen in the next 20-40 years of timber harvesting," said Don Black, UNH's County Extension Service Forest Educator for Strafford County. "He was a conservationist with an appreciation of the forest". The legacy of his life's labor will live on for decades.

It is estimated that Russell thinned, pruned and weeded about 14,000 acres of woods during his lifetime, the result being that valuable trees, such as white pine, red oak and white birch, have space to grow and mature, without being crowded by less valuable species.

Lee Russell was not a hunter, according to his wife Barbara, who continues to live in the couple's home of over 50 years in Farmington, and he would tend to stay out of the woods during hunting season.

"He loved wildlife. Moose would watch him work, and one time he saw a deer being born. He would cut to feed the wildlife," said Barbara Russell. "He was one of the old school, self taught, and he loved going to work everyday".

In 1998, at the age of 72, the County Commissioners presented him with the Strafford County Forestry Stewardship Award, but this didn't mark the end of his days in the woods. He worked on, day after day, for another eight years.

Lee Russell served in the U.S. Navy during World War II and was on an aircraft carrier that was sunk by the Japanese. He survived by treading water for three days. When Lee Russell came out of the Navy, he began working in the woods. He celebrated the end of World War II with a "V" for Victory haircut by Farmington barber Rufus Rundlett.

Today, thanks in part to the legacy of Lee Russell, 50 percent of the county that is wooded is mostly in very healthy condition and managed by trusts and 183 tree farms.

Barbara Russell said that her husband of the last 60 years always had a hearty breakfast and was off to the woods by 7am. He packed a light lunch and was home late in the afternoon for a big supper. Then, he cut and split wood for the house, and would be out in the garden growing vegetables to feed the family and part of the neighborhood. He was a very good gardener and he loved the outside.

**Excerpts from an article by John Nolan
of the Rochester Times
and from the Images of America, Farmington Book.**

Dedication

Rufus W. Rundlett

Photo by Mike Whaley, Foster's Daily Democrat

Born March 19, 1909, in Newburyport, Mass., he was the youngest of three boys, son of the late Charles L. and Estelle (Bartlett) Rundlett. His father was a Civil War vet, died when he was eight, and he had resided in Farmington since 1928. He attended local schools. He studied violin under Edward Soroier and sang in the Newbury Episcopal Church. He went to Vaughn's Barber School in Boston, Mass. In 1928, he moved to Farmington to work in the barbershop of Elmer Evans and on July 3, 1932, married Blanche A. Roy, a lifelong resident of Farmington.

In the 1930s, he directed two minstrel shows for the American Legion. In 1942, he enlisted in the U.S. Navy and after basic training at Great Lakes Naval training station and further schooling at Quantico, Va., he was stationed on board the DD800, USS Porter, a destroyer based in Attu, Alaska. His job on board ship was a fire control man, a position that used the technology of computers to aim and fire the large guns on board.

After World War II, he returned to Farmington and his barbershop in partnership with Milton Thurston and his father, Herbert Thurston. After Milton's death in the early 1950s, he worked alone in his shop in the square in Farmington until his retirement in 1994 at the age of 85.

He was one of the original founders of the Farmington Boys (and Girls) club and served as its first president. During the building phase of the Little League field, he, along with the other members who started this program, worked every Sunday to get the field in shape for the opening of baseball season. They had to survey the field, build bleachers, done by Andrew Foss, level the land, done by Vickers, seed the grass, done by Camerons, put in the uprights for the backstop, donated by Everett Emerson, and build a playground.

A U.S. Naval veteran, he served during World War II. He was a member and past president of the former Kiwanis Club of Farmington, and a member of the American Legion in Farmington. He had served as town treasurer for the Town of Farmington for 15 years and had served on the Board of Directors for Farmington Savings and Loans from the 1950s and 1960s and was a lifetime member of the VFW. He played the violin with the Kingswood Club Orchestra, even performing with them on a radio show from Portland, Maine. He played the violin at local dances and weddings. He played percussion for Oliver Shaddock and the Allen A Camp's Band at Alton Bay and other locations. He sang in the choir at the Baptist, Congregational and Catholic churches.

He was an avid golfer, playing at many different clubs with Ralph Parent. He was a Red Sox fan and musician, playing the violin, percussion and organ at various times. He was a great father and grandfather.

Excerpt from an article by Mike Whaley of the Foster's Daily Democrat.

Dedication

Marian Kramer Quinn, "Boots"
1921-2007

Born Oct. 24, 1921, in Chicago, Ill., daughter of the late Nicholas and Anna (Cina) Kramer, she resided in Farmington for many years. She was a veteran of World War II, having served as a lieutenant in the Medical Unit with the U.S. Army-Air Corps, during World War II, stationed in Coral Gables, Fla.

A loving homemaker and mother, Boots was a registered nurse and worked with her husband, George E.B. Quinn, general practitioner of Farmington. She was an honorary member of the Farmington Woman's Club, where she had served as president for three terms, a past president of the Booster Club for the Farmington School District in the 1970s, a member of the American Legion in Farmington and was recipient of the 500 Boy's Club award for their logo. Also she was a member of the First Congregational Church in Farmington. Her hobbies included painting and reading.

Dedication

James "Buddy" Allen Stiles
1963-2007

James "Buddy" Stiles, 43, was born March 23, 1963, in York Maine, the son of Geri Tucker Dean and Richard Stiles, Sr., he was a graduate of Robert W. Traip Academy in Kittery, Maine, Class of 1982.

Over the years, he managed or owned numerous restaurants throughout Maine and New Hampshire. He spent the last six years providing for his family's future by designing, building and operating their business, Hunters Tavern. His love of children was shown through the success of his annual toy drive at Hunter's Tavern. He was a proud sponsor of the 500 Boys and girls Club in Farmington and also sponsored the Henry Wilson Men's Softball league. He especially loved spending time fishing with his son, Hunter, working on his Mustang, riding his motorcycle and spending time with his family and friends.

2007 Chairman's Report

During 2007 we added many new faces in the leadership of our Town Government to include Town Administrator Anthony Mincu, Town Planner Dan Merhalski, Director of Parks and Recreation Donald Gagnon, and Welfare Director Tara Pierce. On behalf of the Board of Selectmen, I welcome them to our community and wish them much success. We also had a retirement of a long time employee from the Highway Department; Charlie Staples will be missed and we hope he enjoys those "golden years"

2007 also brought us another spring flood, which seems to have become an annual event. Damage to the roads and bridges was significant. However, there is always a silver lining and in this case it is called FEMA. The money we received for flood damage allowed us to make major repairs to our roads and bridges. In addition to the repairs we finally replaced the Ten Rod Road Bridge, which takes it off the states red lists.

Farmington has two major issues that need to be addressed; landfill closure and the wastewater treatment plant. I feel that we have a handle on the landfill closure. The life of the landfill has been extended from the original closure date of 2003 to 2010, which allows us to continue to raise revenue through the pay per bag program. The more dollars we have, the smaller the bond will be when we have to begin the closure. The treatment plant is a different story. Preliminary engineering studies and recommendations set the price tag between 8 and 13 million dollars. Obviously there needs to be much discussion and public input in this coming year.

On behalf of the Board of Selectmen, I would like to thank all the volunteers that sit on the many boards and commissions such as the Planning Board, ZBA, Conservation Commission, Economic Development Committee and the Downtown Committee. They get no pay, work many hours, and at times receive much criticism. You are the people that make Farmington such a fine place to live.

Respectfully submitted,

Gerald McCarthy
Chairman, Board of Selectmen

2007 Town Administrators Report

I first off would like to say that I am extremely privileged and honored to be able to work for and serve this Town. The amount of potential and upside to this town is incredible. The people and characters to be found here are indeed unique. This area is definitely 'undiscovered' territory and perhaps that is the way it should stay. But even the best kept secrets are bound to be let out, so it would be wise for us to prepare for what we could consider eventual/desirable (?) growth.

Coming to work in the month of August is perhaps not the best in terms of timing. There is the need for the budget process to start up in September, and being new on the block, left for some quick learning and getting up to speed. Add to this the vacancies in some key positions, Town Planner, Welfare Director, and Parks and Recreation Director, and we get to have some real challenges. Then sprinkle on the finalization of the Collins & Aikmann bankruptcy, the aftermath of the spring floods, the repair of the Town levees, and other various and assorted odds and ends, and we end up with a real thick gumbo of reality checks.

However, thanks to the fact that the Town's staff are seasoned professionals with many years of invaluable experience, all of these challenges were met. We were able to entice Dan Merhalski out of Salem, Ma. to take over the planner's position and his professionalism and skill have been well demonstrated. Don Gagnon, aka Donny, stepped into the role of Parks and Rec Director and has brought many new ideas and programs to the table. Look for big things to be happening in Parks and Rec!!!

And the list goes on, but the biggest challenge to date has been to deal with the budget and the mandate to keep it level funded—meaning no tax impact on the Town side of the budget for 2008. Working with the Board of Selectmen, hard choices have been made, areas for savings have been identified, cuts in line items were accomplished, and we even managed to increase essential services to the Town's population thru the proposed hiring of 1 full time fireman. This new hire will allow us—with the continued and essential need for volunteers—to staff the fire station with at least one person 24/7 thereby decreasing crucial response times at night.

In closing, I would like to state this: your Town is in good hands—from the guys in the plow trucks, to the landfill attendants, to the water and sewer guys, to the police and fire, to the Parks and Rec staff, to all the volunteers, and to the Town Hall staff, I have come away very impressed with their abilities and desire to maintain a high quality product to you, our customers. I thank you all for the privilege of being able to work in and to serve you, the Town of Farmington.

Anthony Mincu
Town Administrator

A handwritten signature in black ink, appearing to be 'Anthony Mincu', with a large, stylized flourish extending from the end of the name.

2008 Town of Farmington Warrant

Article 1.

To chose one Selectman for three years; one Moderator for two years; one Treasurer for one year; three Budget Committee Members for three years; one Budget Committee Member for one year; one Supervisor of the Checklist for six years and one Trustee of the Trust Funds for three years. **(Official Ballot)**

Article 2.

To see if the Town will vote to amend the Town of Farmington Zoning Ordinance as proposed by the Planning Board as follows: Correct Section 1.06 "Zoning Board of Adjustment" to cite RSA 674:33(a), not 647:33(a). **(Official Ballot)**

Article 3.

To see if the Town will vote to amend the Town of Farmington Zoning Ordinance as proposed by the Planning Board as follows: Insert into Section 1.14 a definition for "Condominium", "Condominium-Style Detached Single Family Residence" and "Condominium Unit". **(Official Ballot)**

Article 4.

To see if the Town will vote to amend the Town of Farmington Zoning Ordinance as proposed by the Planning Board as follows: Insert into Section 1.14 a definition for "Dog Training Facility" and amend the Table of Permitted Uses to include "Dog Training Facility". **(Official Ballot)**

Article 5.

To see if the Town will vote to amend the Town of Farmington Zoning Ordinance as proposed by the Planning Board as follows: Amend Sec. 2.01, Table 2.01(B), Sec. 2.02, Table 2.02(B) and Sec. 2.03, Table 2.03(B) to add "Minimum Rear Yard Setback – 15 feet". **(Official Ballot)**

Article 6.

To see if the Town will vote to amend the Town of Farmington Flood Plain Development Ordinance as proposed by the Planning Board as follows: Insert into ITEM 1. Definitions of Terms, an amended definition of "Development" and "Manufactured Home". **(Official Ballot)**

Article 7.

To see if the Town will vote to amend the Town of Farmington Flood Plain Development Ordinance as proposed by the Planning Board as follows: Insert into ITEM 1. Definitions of Terms, a definition for "New Construction" and "Violation". **(Official Ballot)**

Article 8.

To see if the town will vote to amend the Town of Farmington Flood Plain Development Ordinance as proposed by the Planning Board as follows: Amend ITEM VII. to add the notice of all scheduled hearings before the Wetlands Bureau, clarify the involvement of the Code Enforcement Officer and add reference to encroachments. **(Official Ballot)**

Article 9.

To see if the Town will vote to amend the Town of Farmington Flood Plain Development Ordinance as proposed by the Planning Board as follows: Amend ITEM VIII.1.(b) and ITEM VIII.2.(c) to refer to Zone A. **(Official Ballot)**

Article 10

To see if the Town will vote to raise and appropriate the sum of \$5,773,551.00 (Five Million, Seven Hundred and Seventy Three Thousand, Five Hundred and Fifty One Dollars) for the operation, expenses, and commitments of town government which represents the bottom line of column No. 8 (The Budget Committees Budget) in the posted budget (MS-7). This appropriation does not include any of the appropriations presented in Articles 11 through 21. **The Selectmen and Budget Committee recommend this article. (Majority vote required) (This article has a tax impact of -26 cents). (* See note*)**

2008 Town of Farmington Warrant

Article 11

To see if the Town will raise and appropriate \$61,800.00 for the purpose of funding the "Safe Walk to Schools" Grant. The Town shall be reimbursed from the NH Department of Transportation for the total amount requested (\$61,800.00). **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** *(This article will have no impact on the tax rate).*

Article 12

To see if the Town will vote to raise and appropriate \$92,000. (Ninety two thousand dollars) for the purchase of a new dump truck with plow equipment for the Public Works Department and to authorize the withdrawal of \$42,000.00 (Forty two thousand dollars) from the Highway Motorized Capital Reserve Fund to apply towards this purchase with the balance of \$50,000 (fifty thousand dollars) to come from general taxation. **The Selectmen and Budget Committee recommend this article. (Majority vote required)** *(This article will have a tax rate impact of 10 cents).*

Article 13

To see if the Town will vote to raise and appropriate \$27,000 (Twenty-seven Thousand Dollars) for the purchase of one police cruiser and to authorize the withdrawal of \$11,000 (Eleven Thousand Dollars) of surplus funds from the Police Outside Details Special Revenue Fund to apply toward this purchase, with the balance of \$16,000 (Sixteen Thousand Dollars) to come from general taxation. **The Selectmen and Budget Committee recommend this appropriation. (Majority Vote Required)** *(This article will have a tax rate impact of 3 cents).*

Article 14

To see if the Town will vote to raise and appropriate \$9,000.00 (Nine Thousand Dollars) for the purpose of installing a Digital Fire Alarm System in the Goodwin Library. This amount is to come from general taxation. **The Selectmen and Budget Committee recommend this appropriation. (Majority Vote Required)** *(This article will have a tax rate impact of 2 cents).*

Article 15

To see if the Town will vote to establish a new Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of meeting the Towns financial obligations (accrued leave time, sick leave, longevity) should a long term employee quit or retire, and to raise and appropriate \$20,000 to be placed in this fund, and to appoint the Board of Selectmen as agents to expend. **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** *(This article has a tax rate impact of 4 cents).*

Article 16

To see if the Town will vote to raise and appropriate the sum of \$40,000.00 (Forty Thousand Dollars) to be added to the Public Safety Building Capital Reserve Fund previously established. **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** *(This article will have a tax rate impact of 8 cents).*

Article 17

To see if the Town will vote to raise and appropriate the sum of \$11,105.00 (Eleven Thousand One Hundred Five Dollars) to be added to the previously established Future Technology Improvements Capital Reserve Fund. **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** *(This article will have a tax rate impact of 2 cents)*

Article 18

To see if the Town will vote to raise and appropriate the sum of \$7,500.00 (Seven Thousand Five Hundred Dollars) to be added to the Public Buildings Maintenance Capital Reserve Fund previously established. This sum is to be raised by taxation. **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** *(This article will have a tax rate impact of 1 cents)*

2008 Town of Farmington Warrant

Article 19

To see if the Town will vote to raise and appropriate \$19,600. (Nineteen Thousand , Six Hundred Dollars) to support the operation of the Farmington Community Preservation Guild. **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** *(This article will have a tax rate impact of 4 cents).*

Article 20

To see if the Town will vote to raise and appropriate the sum of \$30,000.00 (Thirty Thousand Dollars) to be added to the Emergency Medical Motorized Equipment Capital Reserve Fund previously established. **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** *(This article will have a tax rate impact of 6 cents)*

Article 21

To see if the Town will vote to raise and appropriate the sum of \$3,000.00 (Three Thousand Dollars) to be added to the Recreation Department Capital Reserve Fund previously established. **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** *(This article will have a tax rate impact of 1 cent).*

Article 22

Acceptance of Credit Cards. The Town Clerk-Tax Collector will be allowed to accept credit card payments pursuant to RSA 80:52-c for the collection of local taxes, charges generated by the sale of utility services or other fees. The Town will add to the amount due, in addition to any interest and penalties payable, a service charge for the acceptance of the card. The amount of the service charge shall be disclosed at the time of the billing. The Board of Selectmen in coordination with the Town Clerk-Tax Collector may adopt rules and regulations regarding the collection procedures. **(Majority Vote Required)**

Article 23

To see if the Town will vote to authorize the Selectmen to sell to the highest bidder municipal vehicles and other equipment as determined by the Selectmen, with proceeds to go into the general fund. **(Majority Vote Required)**

Article 24

To see if the Town will vote to accept the roads known as Sky View Drive and Whippoorwill Ridge as Class 5 Town roads. The acceptance is subject to the top-wearing course of pavement being installed on Whippoorwill Ridge by the Developer, RSA Development LLC. **(By Petition) (Majority Vote Required)**

Article 25

To transact such other business as may legally come before this meeting. **(Majority Vote Required)**

Martin Gilman, Vice Chairman

Paula Proulx

Town Clerk, Tax Collector Kathy Seaver

2008 Town of Farmington Warrant

Note on Town budget and its Tax Impacts for years 2007 & 2008

In September 2007 the Department of Revenue came to set the tax rate for the Town. Based upon the budget numbers and the revenues received the Town's portion of the tax rate was initially set at **\$6.42**; this number would have been the actual tax rate for the Town of Farmington if the Board of Selectmen (BOS) had not intervened to lower the tax rate.

In looking at the tax impact for the Town, and taking into account the tax rate from the School portion of the taxes, the BOS decided to buy down the taxes by making a 233,000 dollar payment from surplus. This artificially raised the Town's revenues and effectively lowered the Town's tax rate for 2007 to **\$5.93**.

Your 2007 taxes reflect the **\$5.93 for the Town portion**. This could not have happened without the additional infusion of 233,000 dollars from surplus.

For 2008, in working the budget numbers we are making educated guesses about revenues and expenses (as we do every year). Additionally, the BOS required us to level fund the budget. For this purpose, we used the **actual rate** which was/would have been **\$6.42**.

In drawing up the budget, and with aggressive cutting and cost savings, we were able to bring in a projected budget with revenues and expenses at **\$6.16**. This represents a **DECREASE** of **26 cents** from the actual 2007 budget number of \$6.42.

However, given the 'after surplus' rate of \$5.93, you will notice a potential increase of **23 cents** in your tax rate. This is the 'surplus' effect; without the infusion of 233,000 surplus dollars in 2007 you would/could have seen a 26 cent decrease on the Town side of the tax rate for 2008.

In conclusion, the potential exists for a 23 cent increase in your tax rate, however the same set of circumstances may persuade the BOS to add another round of surplus monies to the 2008 tax rate. But these scenarios are all based on 'what ifs' and nothing certain can be reasonably discussed. My only hope here was to demonstrate the fact that the Town has done everything within their control (and then some) to aggressively and successfully keep down your taxes.

Anthony Mincu, TA
Town of Farmington

BUDGET OF THE TOWN WITH A MUNICIPAL BUDGET COMMITTEE FARMINGTON

BUDGET FORM FOR TOWNS WHICH HAVE ADOPTED
THE PROVISIONS OF RSA 32:14 THROUGH 32:24

APPROPRIATIONS AND ESTIMATES OF REVENUE FOR THE ENSUING YEAR JANUARY 1 2008 THRU DECEMBER 31, 2008

IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the entire budget in the appropriate recommended and not recommended area. This means the operating budget and all special and individual warrant articles must be posted.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the address below.

This form was posted with the warrant on (Date): 2/18/08

BUDGET COMMITTEE

Please sign in ink.

Ann Y. Titus
Cod. Cpl.
Michael A. Mori
Ben F. Goffe
Pauline Goffe

Walter Ellis
Debra K. Chute

THIS BUDGET SHALL BE POSTED WITH THE TOWN WARRANT

FOR DRA USE ONLY

NH DEPARTMENT OF REVENUE ADMINISTRATION
 MUNICIPAL SERVICES DIVISION
 P.O. BOX 487, CONCORD, NH 03302-0487
 (603) 271-3397

"SPECIAL WARRANT ARTICLES"

Special warrant articles are defined in RSA 32:3, VI, as appropriations: 1) In petitioned warrant articles; 2) appropriations raised by bonds or notes; 3) appropriations to a separate fund created pursuant to law, such as capital reserve funds or trusts funds; or 4) an appropriation designated on the warrant as a special article or as a nonlapsing or nontransferable article.

[illegible][illegible]

“INDIVIDUAL WARRANT ARTICLES”

"Individual" warrant articles are not necessarily the same as "special warrant articles". An example of an individual warrant article might be negotiated cost items for labor agreements, leases or items of a one time nature you wish to address individually.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the Board of Selectmen
Town of Farmington, New Hampshire
Farmington, New Hampshire

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Farmington, New Hampshire as of and for the year ended December 31, 2007, which collectively comprise the Town's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of management. Our responsibility is to express opinions on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards that are generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Farmington, New Hampshire, as of December 31, 2007, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Management has not presented a management's discussion and analysis of the financial statements. Although it is not required to be part of the basic financial statements, United States generally accepted accounting principals considers it required supplementary information.

Our audit was performed for the purpose of forming opinions on the basic financial statements taken as a whole. The accompanying schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

INDEPENDENT AUDITOR'S COMMUNICATION OF CONTROL DEFICIENCIES AND OTHER MATTERS

To the Members of the Board of Selectmen
Town of Farmington, New Hampshire
Farmington, New Hampshire

In planning and performing our audit of the financial statements of Town of Farmington as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Town's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of Town of Farmington's internal control.

A **control deficiency** exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A **significant deficiency** is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. A **material weakness** is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control. Our consideration of internal control was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses.

In connection with our consideration of Town of Farmington's internal control as described above, we are pleased to report that we did not identify any deficiencies in internal control that we considered to be material weaknesses, as defined above. Areas of opportunity for further consideration include:

- Noting that management has been working to update policies in some areas, in light of evolving accounting standards, pass-through grant programs, donations, economic pressures, the growing sophistication of informational needs and electronic transaction processing options, the community should continue to proactively evaluate the effectiveness of its financial systems and internal controls in all departments. As always, we are happy to support those efforts and to provide assistance as needed.

This communication is intended solely for the information and use of management and others within the organization and is not intended and should not be used by anyone other than these specified parties.

Paul J. Mercier, Jr. CPA

2007 Conservation Commission Report

The Conservation Commission has spent 2007 working on management plans to help maintain and manage the conservation properties owned by the Town. We finalized a management plan for the French Property in 2007 and have begun management plans for the Dubois Property and the Town Forrest. Management Plans describe conservation goals and allowed uses. The goals for our conservations lands are to maintain wildlife habitats and soil productivity and protect water quality, scenic and recreational qualities, unique or fragile natural areas, rare or endangered species and plant communities, and historical and cultural features. We have begun to catalogue the other conservation properties owned by the town and our existing conservation easements to ensure that they will also be monitored.

The Conservation Commission has been working very closely with Moose Mountain Regional Greenways (MMRG) to develop a conservation plan for the Town. With the help of MMRG, we have been identifying conservation goals and areas for future conservation easements/purchases that would facilitate accomplishing those goals. With the help of MMRG, we have been developing a map of the Town that would reflect our conservation plan.

The Conservation Commission continues to seek new members. We currently meet on the third Wednesday of each month at 6pm. The public is welcome.

Respectfully submitted,

Kristie Marqui
Conservation Commission Chairman

2007 Downtown & Business Committee Report

After a brief period of inactivity, the seven-member committee of the Farmington Downtown and Business Committee are very busy.

One of the orders of business was to change the name of the committee from the Downtown Committee to the Farmington Downtown and Business Committee in order to include all businesses in Farmington rather than just the downtown area businesses.

This committee has been working diligently to produces a directory of town businesses, municipal services, volunteer organizations, churches, ect. This has been a difficult task, using old lists with out-dated (due to 911) addresses, and updating the new addresses and phone numbers.

The committee hosted their first informal social gathering for businesses with hopes to have more for the purpose of sharing information, resources and determining what the business community expects and needs from our committee.

Also in the works, is a plan to highlight businesses thorough our own channel 26. We are also investigating the feasibility of having regular get-togethers with businesses to establish a working membership to provide resources and information beneficial to the community.

We appreciate the community's support thus far and encourage everyone to get involved in Farmington's future.

Respectfully submitted,
JoAnn Doke, Chairman

Members: Joan A. Funk, Deb Scanlon, John Fitch, Cindy Snowdon, Steve Durance, William Tsiros

2007 Assessing Department Annual Report

In December of 2006, Judy Nichols retired after more than 20 years as Farmington's Assessing Clerk. At that time, I moved from 21 years in the Town Clerk/Tax office to take over Judy's position. 2007 has been a learning experience for me. Although I see many of the same faces, I am dealing with another side of the equation. I thank everyone who has helped to make this transition a smooth one. There are over 3100 properties in town and I would encourage all property owners to stay aware of their property assessments. The office continues to be open from 8:00 AM – 4:00 PM.

Several changes have taken place over the last year. Intents to Cut and Intents to Excavate are now processed through this office and coordinated with the road agent. Billings for Yield and Excavation are also done through this office. There is now a computer accessible to the public that is available from 8:00AM – 5:00 PM. The computer was set up for the convenience of citizens, realtors, assessors, etc. and we were able to use an old monitor and purchase a very inexpensive printer. Property cards can now be printed or simply viewed whether I am in my office or not. Of course I will still be glad to print a card for you.

The Assessing Department is responsible for processing applications for any credits and exemptions. The deadlines and criteria are as follows:

- Veterans Exemptions** – application deadline April 15th
Requires DD214 – must meet applicable dates of service
- Elderly Exemptions** - application deadline April 15th
Requires verification of income and asset guidelines
- Abatement Application**-application deadline March 1st following 2nd half tax bill

Please feel free to call or come by if you have questions regarding exemptions or credits, or if I can help with any other questions you may have regarding your assessment.

Respectfully submitted,

Bonnie Lauze

Assessing Clerk

2007 Farmington Fire and Rescue Annual Report

The Farmington Fire Rescue had its busiest year ever by responding to 1192 total emergencies; 727 EMS calls and 465 Fire calls. These calls kept our part time and on call staff extremely busy.

The year saw many serious emergencies, including three large multiple alarm fires and several single alarm fires. There were also several serious motor vehicle accidents throughout the year. There were three life saving events this year including two cardiac arrests where people were shocked back to life and one motorcycle accident victim whose life was saved because of our timely response and trained personnel. Our staff, as always, handled these incidents with professionalism and dedication.

During the Town meeting of 2006, voters approved a new “Quint” Ladder Truck. The apparatus arrived in June 2007 and went right to work with several calls. This vehicle can pump like a Fire Engine and also has a 75-foot ladder. This dual-purpose vehicle is very useful in circumstances of limited manpower responses.

With our one full-time, three part-time, and two Americorps positions, we are able to provide twelve hours of daytime service from 6 am to 6 pm, 7 days a week. With a minimum of two people available to staff an ambulance. The ambulance service generated \$122,000 revenue this year – the most ever!

The Fire Prevention Program has again exceeded all expectations by reaching 500 children. We also hosted two Open Houses at the station, which surpassed a total attendance of 300 people.

The Fire Explorer Program is going strong with several young people, ages 14-18, who are learning the careers of Fire Fighting and EMS. Early in 2008, we will have our first Explorer turn 18 and join the Department as a regular member.

We are continuing to train our members. Several attended training for the Rapid Intervention Team (RIT). This training is for that group of firefighters whose job is to “Rescue the Rescuers”. They stage at all large scale incidents and are available to the Incident Command should any Firefighter or crew get lost in a burning building, or injured or trapped, or unable to get out.

Thank you to the Board of Selectmen and the entire community for their continued support. The Farmington Fire-Rescue is ready to respond and protect the citizens of Farmington with all the resources that we have at our command.

Respectfully submitted,
Richard C. Fowler
Richard Fowler, Jr., Fire Chief

2007 Landfill Report

The recycling efforts by the Town of Farmington continued to be beneficial in terms of producing additional non-property tax revenue and keeping waste out of the landfill. The Town of Farmington recycled a total of 269.74 tons recycled materials and received \$30,924.77 as follows:

Light iron	85.88 tons	\$11,602.05
Aluminum cans	4.46 tons	\$ 5,333.54
Cardboard	47.06tons	\$ 5,533.05
Steel cans	9.94 tons	\$ 795.20
Mixed paper	100.55 tons	\$ 502.75
Plastic	21.17 tons	\$ 7,658.18
Batteries	0.68 tons	\$ 163.30

The Town of Farmington continued a disposal/recycling component in 2007 for miscellaneous demolition debris and bulk waste items. The purpose for the additional disposal fees was to continue to generate revenue to be placed into a reserve fund to be put towards the landfill closure. The volume of miscellaneous debris/bulky waste items supercedes the disposal volume of residential trash. Thus, the volume of the Town of Farmington's landfill was diminishing and revenue for the Landfill closure was not.

In 2007, NHDES passed a law mandating the recycling of TV's, monitors, fluorescent bulbs and other miscellaneous electronic equipment. These items have been determined to contain known hazards, which can influence groundwater quality. The Town's continued efforts to recycle various elements and components other than municipal solid waste will not only benefit the Town (life of landfill), but also the environment.

There will be a Household Hazardous Waste Day in May of 2008. Announcements of the actual date will be forthcoming. Residents are encouraged to continue recycling and using Household Hazardous Waste Day to keep harmful chemicals out of the landfill. The Town of Farmington has the only current active unlined landfill in the Sate of New Hampshire, which is a substantial savings to the Town of Farmington. Continued efforts to keep hazardous waste out of the Landfill will only help to prolong the life expectancy of the Landfill.

The New Hampshire Department of Environmental Services has extended the Landfill closure deadline to year 2010 with the contingency that the groundwater quality around the landfill does not worsen. The Department continued to work to meet the operational permit requirements. Maintenance to the slopes of the Landfill was performed. The slopes of the Landfill were shaped and graded to an approximate 3:1 slope and stabilized with topsoil and seed to minimize erosion. The hope is to extend the operational life of the Landfill beyond 2010 subject to groundwater quality contamination levels.

The cooperation of the citizens of Farmington is vital. Please do not put any chemicals in your household waste, which may leak into the groundwater and affect the operational use of the Town's Landfill. Store your chemicals and utilize the Household Hazardous Waste Day for the disposal.

Respectfully submitted,
Joel C. Moulton
Director, Public Works

2007 Parks & Recreation Annual Report

To the Citizens, Families and Children of Farmington,

2007 was a year of transformation for the Parks and Recreation Department. The entire department had a complete shift of personnel. The current full-time staff includes-Donald Gagnon-Director, Assistant Director-Brian Deveau, Program Supervisor-Carla Smith and a new part-time position with a familiar face of Kellie Chase taking on and expanding senior programs. We also have many dedicated Part-Time and seasonal employees as well as a number of volunteers that help to make our programs such a great success. The future looks bright for the Farmington Parks and Recreation Department and we all are looking forward to the upcoming year.

The Parks and Recreation Department celebrated its 26th Annual Hay Day this year. Hay Day has turned into a weekend long celebration with both adult and children's entertainment on Friday evening followed by fireworks and an action packed Saturday schedule ending with the annual bed race. You can't forget the Pancake Breakfast on Sunday morning sponsored by the Farmington Fire Department. Hay Day has turned into the summer family event. We all look forward to seeing all the families this summer for the 27th Annual Hay Day.

Another special event that has become very popular is the Family Nights at Fernald Park. With six weeks of entertainment on every Wednesday during the summer at Fernald Park this FREE program was packed with onlookers and gave families the opportunities to have an evening full of fun activities. We are already planning for 2008 and we hope to see you there.

The 4th Annual Daddy Daughter Dance was a sell out once again and we would like to thank all the families for attending. We also had the Mom and Son Dino Adventure Event which was a big hit as well. All the Easter eggs were found at our yearly Flashlight Egg Hunt, with over 250 participant's vying for the prize of who found the most eggs. The Breakfast with Santa which included pancakes, bacon, juice and yes a chance to sit on Santa's lap was a headlining event for us this year.

The Senior Programs were filled with everything from Bargain Shopping to Alpine Summit Adventure to the ever popular BINGO to visiting Museums. With senior programs growing, we can look back and see that seniors were busier than ever with no slowing down in sight. Thank you to all the seniors for participating in our programs and you can look forward to more activities to come.

We had another great summer at the Parks and Recreation Department. Our four main summer camp programs grades 1-3 and 4-7 both an eight-week Summer Camp and the grade 6-10 Teen Trip Program, and Planet Playground. This program was an 8-week program offered to children who are 3, 4 and 5 year olds. Planet Playground is a part-time morning program that offered parents, a part-time option for their child to be active, socialize and have fun. All of these great programs were filled quickly and we are looking at reorganizing the summer to serve as many participants as possible for 2008.

The After School Program for grades 1-5 continues to be popular with parents and students. This program runs the entire school year and is currently full with 30 children enrolled in the program. We are looking to expand this program to 40 children in 2008. Participants are currently picked up at the school by Recreation staff members and brought to the Town Hall to participate in a variety of games, sports, crafts and special activities. This program is offered every year and registration takes place in May. In addition to the After School Program we run many different activities after school for students in grades K-8. Some of the programs offered in 2007 included arts and crafts, basketball, special holiday themed classes, cooking, sewing and many other programs open to students during non-school hours.

2007 Parks & Recreation Annual Report

It was another sell out for the second major production of the Nutcracker and it again brought many different people to Farmington. The show again was presented by Boston Dance Company in collaboration with Edra Toth Academy of Dance and Music.

A couple of things to look forward to will be a new program registration policy, a new registration desk at the recreation office, new computer receipt for customers, new e-mail addresses for all department employees for easier communication, new program information center at the rec. office, be sure to look for NEW programs such as rock climbing, canoeing, white water rafting, hiking, and different camps for the summer. Also we are excited that through fundraising events we will hopefully be able to start the Community Computer Room as soon as possible.

With the close of 2007 and into 2008 the Farmington Parks and Recreation Department faces some challenges. The first being transportation, which is an ongoing issue that will have to be addressed so we can continue to do trips and make our programs accessible to as many Farmington Residents in the safest way possible. The department programs are growing and the demand on our current fleet of vehicles in combination with the age, condition and insurances issues of our 15 passenger van has forced us to explore every avenue to curb this challenge. Another challenge is programming targeted towards the older teen population. Our department will look at as many activities and programs as possible to see how we can attract this population group and give our older teens some activities to keep them busy.

In closing, the Parks and Recreation Department would like to thank the Board of Selectman, Fire, Police, Public Works and Water Departments for their continued support of our programs, all of our sponsors, the Library, Preservation Guild, Puddledock Press, Ed Mullen and Channel 26 Community Television, 500 Boys and Girls Club, Farmington School Department and Bus Transportation and to all Farmington Residents and especially to those who sign up for programs early so we do not have to cancel them.

This department's staff is already hard at work planning the upcoming event. Please be sure to look for our NEW 2008 SPRING/SUMMER full color brochure which will go to every Farmington Resident in the mail and it will contain important Parks and Recreation information as well as other community information.

Respectfully yours,

From the entire Parks and Recreation Department staff and

Donald R. Gagnon

Director, Farmington Parks and Recreation Department

"Building Community with Recreation"

2007 Department of Planning & Community Development Annual Report

The Department was without a full-time Planning Director throughout much of 2007 and utilized the contract services of the Strafford Regional Planning Commission's Senior Land Use Planner, Julie LaBranche, for the review and oversight of projects and applications before the Planning Board and the Zoning Board of Adjustment. While the lack of a full-time planner had an effect of the Department's productivity, these contract services, and the hard work of Town staff, allowed the Department to adequately provide timely, efficient and consistent service to residents and others seeking assistance.

The following table illustrates building activity in Farmington for 2007:

Permits	# Issued	Sq. Ft.	Valuation
Residential			
New Construction	32	52,751	\$4,101,937
Manufactured Housing Units	6	9,510	\$407,305
Additions	11	4,317	\$256,654
Remodels	19	N/A	\$356,900
Total	68	66,578	\$5,122,796
% Change from 2006	-58%	-55%	-34%
Commercial			
New Construction	3	8,776	\$562,014
Addition/Remodel	3	1,626	\$265,300
Total	6	10,402	\$827,314
Change from 2006	-14%	N/A	-30%
Other Permits	68		
Total Building Permits	142		
Change from 2006	-16%		
Electrical Permits	108		
Plumbing Permits	63		
Permit Fees	\$ 62,116.20		
Planning Board Fees	\$ 4500.00*		
ZBA Fees	\$ 1,800.00		
Total Fees	\$ 63,916.20		
Change from 2006	N/A		

*Planning Board fees do not include Site Plan Review fees

The average value (structure only) of a new stick built residential unit in 2007 was \$128,185 while the average value (structure only) of a new manufactured housing unit was \$67,884.

In addition to the completed projects noted above, 26 Certificates of Occupancy were issued for projects begun prior to 2007.

The Department has also begun an aggressive enforcement campaign in response to citizen complaints about junk cars, trash, and unsafe/unhealthy housing conditions. Over the course of the year the Department has investigated 72 complaints, and is working with both property owners and the Town Attorney to resolve code violations in a timely manner.

2007 Planning Board Annual Report

The Farmington Planning Board consists of seven (7) regular members and three (3) alternates appointed by the Board of Selectmen to develop appropriate tools for the management of growth and development in the community.

In 2007, the Planning Board reviewed and approved 7 subdivision applications creating 36 new lots. 6 subdivision applications were splits creating 1, 2 or 3 new parcels, while 1 subdivision, Governor's Road, created 23 new lots. Also in 2007 the Planning Board conducted 14 Site Plan reviews for commercial projects.

The anticipated completion of the Farmington Master Plan in 2005 was delayed due to difficulties with staff turnover and attrition of Board members in 2005 and 2006. However, the Master Plan was completed in draft form and forwarded for a scheduled Public Hearing and adoption for January 22, 2008, with an anticipated adoption by March of 2008. The Master Plan identifies long-term goals and policies for the Planning Board and town officials to follow in directing growth and development in the town.

Citizens interested in the future of Farmington are encouraged to participate as the Planning Board undertakes a critical review of ordinances and regulations designed to achieve the vision expressed in the Master Plan.

2007 Zoning Board of Adjustment Annual Report

The Zoning Board of Adjustment, also appointed by the Board of Selectmen, hears appeals of administrative decisions of the Zoning Administrator/Code Enforcement Officer, considers variances to the Zoning Ordinance, and decides on applications for Special Exception where allowed by the Zoning Ordinance. In all cases, the ZBA acts in a quasi-judicial capacity, ruling on the merits of each case coming before it to ensure that the zoning ordinance is applied fairly and equitably to all property and property owners. In 2007 the ZBA met 11 times and heard 9 requests for variances, granting 5, and denying 4 applications. The ZBA also considered 1 application for Special Exception, which was denied, and heard 2 applications for Exception of Dimensional Requirements, granting 1 and denying 1.

The Zoning Board of Adjustment fulfills an important community function, and residents interested in community service are encouraged to contact the Department of Planning and Community Development to find out how they can participate.

Zoning Board of Adjustment

2007 Police Department Annual Report

In 2007 the Farmington Police Department repeatedly demonstrated its ability to perform beyond the call of duty. In addition, the department saw an increased opportunity to collaborate with other public safety agencies and private entities. These collaborations are a continuation of a series of steps that the department has undertaken to provide the best police service to the community.

Last year was one of most active years in the department's history. Offenses rose by 19.5% in 2007 and arrests increased by 5.5%. Officers made 726 arrests, the most arrests in the history of the department. Of the 726 arrests, 174 were for felony offenses, a 12% increase over 2006. Further, 174 arrests were juveniles, a 21% increase over 2006.

The department was involved in a number of crimes that received local and regional attention. TD Banknorth was robbed; two teenagers vandalized over \$100,000 worth of gravestones at the Pine Grove Cemetery; 2 teens broke into and stole items from 20 cars; and a suicidal suspect required the utilization of the regional tactical team. In each case, officers worked tirelessly and solved those crimes within 24-72 hours. These cases demonstrated officers' commitment to the community and ability to produce high quality police work under sometimes less than ideal circumstances.

In December, three officers from the department, with the assistance of Farmington Fire Department EMS, saved a person who was experiencing a life threatening medical condition at the Town Hall. Due to the officers' quick and decisive actions, including the application of a defibrillator, the person's life was saved. The department wishes to recognize Sgt. Scott Ferguson, Cpl. Michael McNeil and Officer Scott Orlando for their actions.

Officers were selected to take part in the new Strafford County Regional Tactical Operations Unit in 2007. Sgt. Scott Ferguson and Officer Ken Tilley joined the team just in time for the stand off in Rochester. The additional training opportunities have already provided great dividends to the department and the community during the stand off in early January 2008. The officers are being outfitted using drug forfeiture money that the department received in 2007. This allows us to equip officers without any impact to the taxpayers.

In 2007, the department implemented the first stage of its Crime Free Rental Housing Initiative. This program has resulted in a greater communication between landlords and the police department. Tenants are being held responsible for actions that occur at the property and reported crimes at rental properties are decreasing. The next stage will include education of landlords with the final stage being an increased and uniform housing standard for rental properties.

SRO Crone continues to work in the schools and create a bond between the students and the community. Officer Crone took on the role of the Police Explorer advisor. He, with the assistance of Officer Steve Gahan of the Milton Police Department, is currently educating a dozen students from Farmington, Milton and Middleton about police work and the criminal justice system. Officer Crone will also be teaching the DARE program in the middle school in February after a 5 year absence.

In 2006, the department added a K-9, a German Shepherd named Conner. In 2007, Conner was certified by USPCA in obedience, apprehension, and building searches after just 8 months of training. In November, Chief Roberge and Conner were dispatched to a call for a lost hunter in the woods near Route 11. During the search, the hunter was safely located by Conner and escorted out of the woods.

2007 Police Department Annual Report

During 2007, the department took an aggressive stance toward the availability of alcohol to minors. Through grant funding, and at no cost to the taxpayer, the department conducted DWI patrols; undercover purchases at stores, restaurants and bars; and surveillance of establishments selling alcohol to insure they are in compliance with the law.

The department hired our new, part-time Animal Control Officer Megan Welch. Since this position now worked consistently on a 5 day a week basis, we were able to reduce the number of unlicensed dogs from over 120 to 0. Further, through increased enforcement efforts, ACO Welch generated an additional \$2,200.00 in revenue to help offset of the cost of the position. ACO Welch also coordinated a microchip clinic and obtained a microchip scanner to assist in quickly returning lost pets.

As I discussed in previous Annual Reports, the department continues to move forward with its plan for a new facility because the current department suffers from a number of inadequacies. The department lacks sufficient work space, interview space and storage space; the heating system is uneven leaving some rooms hot while others are cold; there is no heat in the lobby and the electrical system is not sufficient to run the pieces of equipment that are required in today's business environment. In addition, during the Mother's Day flooding in 2006, the archive area became flooded causing mold to grow. Employees now wear masks when retrieving reports from that area. \$10,000.00 was appropriated toward improvements to the current facility. It is only a band-aid and will not address the underlying issues that require a new facility for the department.

In 2007, the department continued its tradition of giving back to the community. We again conducted a fundraiser in January funneling the money back into organizations or programs for the community. The fundraiser allowed us to donate money to the 500 Boys and Girls Club for youth sports teams and the construction of the facility on Paulson Road; contributed to a memorial for a deceased officer, distributed flashlights to improve the safety of trick or treaters, and purchased Christmas lights for the downtown. We look forward to continuing to give back to the community in 2008.

As we look forward to 2008, we are obtaining the SPOTS program in the cruisers so officers will have information about drivers immediately thereby increasing the officer's safety. We also are revamping policies and procedures to insure the department complies with current standards thereby reducing civil liability for the community and conducting a Citizen's Academy.

As always, I encourage members of the community to provide feedback about the performance of the department and its officers. This is your police department and we want to provide the best service possible. In addition, you are the eyes and ears for the department. If you have information about a crime and wish to remain anonymous, call the Crimeline at 755-9797.

Respectfully Submitted,

Scott R. Roberge
Chief of Police

2007 Public Works Department Annual Report

In 2007, the Public Works Department purchased a new excavator, which has enhanced our ability to perform maintenance to the Town roadways, landfill slopes, earthen levee, and mining of suitable soil materials for reconstruction and repairs to the Town roads and infrastructure.

Winter maintenance continues to be a major focus for the Public Works Department. The Town maintains 88 miles of roadway by plowing, sanding, and salting.

In April we experienced several days of heavy rains, which devastated several area communities for the third time within an 18-month period. The rains were better described as the Patriot Day Flood of 2007 and were once again comparable to a 100-year storm event. At the height of the storm, numerous roadways were closed due to heavy flood damage. The department was able to make all the damaged roadways safely passable for vehicular traffic within 3 days. As a result of the storm the Town made some major improvements to some of the continued problem drainage areas. The department spent the remainder of the spring, summer and fall months repairing damage caused by the Patriots Day Flood. The department applied for and received financial assistance from FEMA (Federal Emergency Management Assistance) under a declaration of disaster.

Drainage improvements continue to be a major focus for the department. Improving drainage will better prepare the Town for heavy tropical rains and help to stabilize the Towns network of roads.

In an effort to recover from the April flood, the department continued to enhance the stability and shape of the roads for safer travel. The department also continued to perform the general roadway maintenance requirements. The striping of rural roads and painting of crosswalks improved vehicle and pedestrian safety.

The department repaired and replaced four of the Towns eleven bridges. Repairs were performed on Bay Road, River Road and Sheepboro Road Bridges, while the Ten Rod Road Bridge was replaced using 20% Town funding and 80% State NHDOT funding under the Bridge Aid Program. The Town has four other bridges in desperate need of replacement. With voter support, the department will continue to repair, maintain and replace the Towns network of bridges. Utilizing the NHDOT Bridge Aid Program to assist the Town with the cost share for bridge replacement is definitely a cost savings to the Town.

The department continues to provide repair and inspection of the entire Town fleet of vehicles throughout the year. The department looks to aggressively improve the Towns network of roadways, bridges, sidewalks and drainage infrastructure. A significant amount of transportation improvements are needed throughout the town. We look to continuously be aggressive in our efforts to better improve the towns transportation system. We seek voter support to give the department the necessary funding and tools to do our job efficiently.

Respectfully submitted,

Joel C. Moulton
Public Works Director

Town Clerk-Tax Collector 2007 Report

The Office of Town Clerk-Tax Collector took in a record \$12,438,026.40 in revenues in 2006! 3032 property tax bills were issued in the amount of \$7,936,859.00. Motor Vehicle registrations brought in over \$900,000. We have been doing debit transactions over the counter for property tax, utility billing and the town's portion of motor vehicle registrations for over a year now. This was accomplished at no cost to the Town of Farmington. The year's warrant contains an article allowing us to do credit card transactions over the internet for property taxes and utility billings. We are also looking at a company that will provide over the counter credit card transactions at no cost to the taxpayers.

The Office of Town Clerk-Tax Collector went on-line with the MAAP (Municipal Agent Automation Project) program for automobile registrations in May of 2007. We have increased the base of vehicles that we are able to process fully and, thus, increased revenues to the town through this project.

Election of town and school officers is Tuesday, March 11 from 8:00AM – 7:00PM in the Town Hall Gymnasium. Town Meeting is Wednesday, March 12 at 7:00PM in the Town Hall Gymnasium. Remember, the town voted to adopt SB2 for the form of voting on the School District budget. The School District Meeting deliberative session was February 7th at 7:00PM at Farmington High School. The results of the deliberative session will be on the ballot on March 11. Be there and make your vote count.

Remember there are two other elections this year. **September 9, 2008** is the **State Primary** for Governor, State Representatives and County Officials. **November 4, 2008** is the **National General Election Day** where we elect our President as well as Governor, State Representatives and County Officials.

Dog licenses are available. Remember your dog's current licenses expire on April 30, 2008. After June 1st a penalty of \$1.00/month is added to unlicensed dogs.

Nora Varney has joined our office as a part-time clerk. She has quickly become certified in the MAAP program and will soon attend certification programs for NHVRIN (New Hampshire Vital Records Initiative) and ElectioNet (Voter Registration Software) to allow her to fully serve the public in her new position. We are pleased to have her join us as we grow and continue to move forward.

Remember we are open on Thursdays from 8:30AM to 7:00PM, but close on Fridays at 12:30PM. This has worked well to provide customers with after work hours to come in and conduct their business.

Respectfully submitted,

Kathy L. Seaver, Town Clerk/Tax Collector

2007 Water Department Annual Report

The Water Department currently operates three gravel packed wells and combined they averaged 330,000 gallons pumped per day. We mailed the annual Water Quality Report to all customers describing the quality of drinking water they are receiving as well as some mandatory health effects language required by EPA related to drinking water issues. We hope everyone had an opportunity to look at this report. If you need a copy or if you have any questions concerning your drinking water, or would like to tour the facilities, please call the water Department at 755-4883.

The Water Distribution Master Plan has been completed. This plan evaluates our water sources, tank storage and distribution piping. This report had specific recommendations and will help guide the Board of Selectmen in future Capital improvement decisions.

We still continue to chlorinate our drinking water. The chlorine residual is more consistent throughout the distribution system so we have been able to lower the chlorine dose at the wells. Our goal is to be able to maintain a consistent 0.25 ppm chlorine residual throughout the system.

The 1.0 million gallon storage tank was repaired this fall. There was some minor seepage coming from one or more vertical slots where the concrete panels are joined. The company drained, cleaned and repaired these slots and restored the outside of the tank. The tank is 25 years old and will be good for another 25 years.

We have been replacing at least one worn out main gate valve on an annual basis and have started replacing one old hydrant per year in order to improve the distribution system.

2007 Wastewater Department Annual Report

The Wastewater Treatment Facility continues to operate very well despite high flows and aging equipment. The Biochemical Oxygen Demand (BOD) average removal efficiency is 92.8% and the Total Suspended Solids (TSS) average removal efficiency is 95.2%. These are well above the required minimum of 85% removal. The wastewater flows averaged 323,350 gallons per day. The flows for the past three years have been over or at design flow due to excessive infiltration and inflow (I&I) to the Plant. This clean water comes from illegal sump pumps, cracked sewer mains, leaking manhole frames, and general deterioration of the pipe joints. We have removed some sump pumps and conducted an I&I program to determine where the problem areas are. This will allow us to target specific areas for future rehabilitation.

The facility was constructed in 1976 and we continue to operate and maintain most of the original equipment. We are currently working on a facility upgrade. The new NPDES permit was received in July 2007 and requires effluent quality standards for total phosphorous and total copper that the plant was not designed to meet.

We are currently evaluating the option to stop discharge into the Cocheco River and switch to a land based discharge. The preliminary results are very favorable. We will continue to evaluate that option in 2008, while continuing with the facility design. If anyone has any questions or would like a tour of the facility, please call 755-4884.

Respectfully Submitted,

Dale Sprague,
Water & Wastewater Superintendent

2007 Welfare Annual Report

The Town has a basic legal duty to administer welfare as described in RSA 165:1-I, which says: *"Whenever a person in any town is poor and unable to support himself, he shall be relieved and maintained by the overseers of public welfare of such town ..."*. Our welfare program follows the Town of Farmington Welfare Guidelines, which are drawn from the Model Guidelines written by the New Hampshire Municipal Association in conjunction with the New Hampshire Welfare Administrators Association.

The year 2007 in welfare administration has been a busy one. Welfare Director, Yvette Martin left in June of 2007. I started as Welfare Director the beginning of August and Megan Taylor-Fetter has continued to serve as Deputy Welfare Director.

Due to large increases in the cost of rent in the area, as well as the large increase in home heating costs, there is still a strong need for welfare assistance in Farmington. Unfortunately, if home heating costs increase (as many predict) this need will only increase.

The amount budgeted for 2007 was \$85,000.00. Out of that \$85,000.00, \$50,964.68 was used for welfare assistance, leaving \$34,035.32 remaining. However, as stated before, despite the fact that we are under budget for 2007, 2008 will most likely lead to an increase in the number of people seeking assistance.

The following statistics show expenditures for 2007:

Rents	\$32,309.20
Fuel	\$5,953.78
Electricity	\$5,010.92
Motels	\$2,875.00
Shelters	\$939.40
Food	\$588.81
Burials	\$0
Bus passes	\$174.00
Home repairs	\$31.78
Misc.	\$1192.85
Subtotal	\$49,075.34
Prescriptions/Medical	\$1,889.34

Total expenditures: **\$50,964.68**

Reimbursements **-\$2,169.48**

Balance in Account 34,035.32

Tara S. Pierce

Respectfully Submitted,
Tara S. Pierce
Welfare Director

Farmington 500 Boys and Girls Club
P.O. Box 404
Farmington, NH 03835

Let me start by saying “thank you” to the people of Farmington, Town Agencies and Officials for all the support we have received throughout the past year.

As the community has grown, so has the increase in enrollment of youth in the sporting events our organization offers, We continue to offer Cal Ripken baseball, Babe Ruth and senior Babe Ruth baseball, softball, soccer, basketball, volleyball; along with numerous travel and AAU teams to benefit boys and girls from ages 4 through 19.

The future of sports is bright in this community and along with the increase in numbers is the realization that the need for additional playing fields is necessary. Throughout the year of 2007 we have completed the following: construction of the soccer field and the main concession building at the Paulson Road facility; constructed a tee ball field, painted and re-roofed the main club house and built a scorer's tower at the summer Street Facility; and constructed a scorer's tower on the high school baseball field. All of this was achieved in great part by the involvement and support of the Town of Farmington Officials and employees, private contractors, Board members, volunteers and numerous businesses.

The goals set for 2008 at the Paulson Road facility are to begin construction on “Corey's Field House”, a dream that Corey McGuigan is working on in conjunction with the 500. This building will house a year round indoor batting facility as well as an indoor gymnasium. We hope to begin construction of the Babe Ruth Senior Babe Ruth baseball field as well as the softball field.

At our Summer Street facility we are in Phase 1 of our lighting project, which will put lights on the second baseball/softball, field and work on the T-ball and rookie fields are under way.

2008 should prove to be another exciting year for our organization.

Again, thank you Farmington for your continued support!

Yours truly,
The Board Members of Farmington 500 Boys and Girls Club
Dan Woodman, President
Jim Laclair, 1st Vice President
Craig Brunelle, 2nd Vice President
Bobbi Gibbs, Treasurer
Shane Tufts, Secreatry

2007 Town of Farmington Annual Report

CHANCES would like to take this opportunity to thank the Town of Farmington for investing in the children of this town and generously supporting our agency in 2007. We sincerely appreciate your support and have enjoyed working with the youth and families of Farmington. We believe that all children deserve a chance and we are committed to providing prevention programs in addition to our intervention services. We have done this successfully in the Town of Farmington during 2007 and look forward to providing additional services to your town in 2008.

CHANCES is dedicated to providing opportunities for youngsters who have broken the law to be responsible for their actions without becoming further involved in the judicial system and to further court sanctions of those who have become involved with the judicial system. The goal of the program is to significantly increase the juvenile offender's awareness of his/her inappropriate actions and reduce further incidents of delinquency.

We operate from a restorative justice philosophy, based in reparation of harm to victims and community, teaching competency skills through psycho educational programming and community service and reducing, possibly obliterating, recidivism.

Our mission is accomplished by providing your town with the following services:

CHANCES provides prevention and intervention through psycho educational programs.

Our programs to the youth and families of Farmington include:

- Conflict Resolution and Skills for Managing Anger
- Drug and Alcohol Prevention and Intervention programs
- Y.E.S Shoplifters Intervention Program
- Fire Setters Intervention
- Tobacco Education
- Staying Connected with Your Teens – Parenting Classes
- Boys and Girls Life Skills Educational Groups
- Homework Support with after-school activities
- Monitored community services sites for your youth to be invested in this town
- Trained family mediators provide mediation services for families which allow kids to stay in the home, opens lines of communication and creates positive changes for all members of a household.

We have collaborated and shared resources with other organizations in the community to educate, increase cooperation and provide support and services to assure the success of youth and families and to increase community safety.

In 2007, we provided services to 112 Farmington youth and their families. These referrals came from parents, schools, physicians, police department, DCYF, the Rochester District Court, and other agencies.

CHANCES is pleased to report to the Town of Farmington that we have a 93% success rate of a 7% recidivism rate. This translates that of the 112 youth in the Town of Farmington referred to us, 104 youth will not re-offend or commit a crime in your community.

2007 Community Preservation Guild Annual Report

The Guild is pleased to report on our accomplishments and the services we provided to Farmington in 2007. Our mission is to *actively preserve and strengthen community by promoting the basic foundations of our small town way of life*. Our primary tools are to foster collaboration and cooperation to meet community goals. Working cooperatively together means that the organizations that serve Farmington are able to innovatively combine their talents and resources to create far greater impact than any one organization could alone.

Collaborative projects and accomplishments for 2007 include:

Safe Routes to School – established a committee to explore how to increase the number of students walking to and from school. The project designed by the committee addressed parent and community safety concerns that included: improving signage at major crossings, repairing sidewalks on the Tiger Trail, extending a walkway on the school campus to separate students from traffic and safe walking and bicycling education. The Guild wrote and secured a \$69,500 grant on behalf of the town to carry out this project in 2008.

Explore for Grown-ups – the Guild continues to manage the Explore for Grown-ups adult education project on behalf of the community which involves a high level of cooperation between the School Department, Goodwin Library, Recreation Department, Adult Learning Center of Strafford County and many other partners. Residents continue to express strong support and appreciation of this program that brings computer, parenting, health and safety, adult basic education and a broad array of other community enrichment classes to the community. Attendance continues to grow each year.

Youth and Family Roundtable – the Guild facilitates 10 meetings a year for organizations that serve youth and families in Farmington. The meetings provide networking, information sharing and guest speakers and explore ways members can work together. The Kick-off to Summer project was sparked by this group. Guest speakers presented on topics such as volunteer programs, town welfare and helping homeless families.

Kick-off to Summer – established a committee to discuss coordinating various summer programs in Farmington and to address summer literacy. This committee accomplished putting together a very successful community-wide Kick-off to Summer event in June and vastly increased families' access to books and reading programs compared to prior summers.

Firehouse Museum Project – a new rubberized roof was installed on the one-story garage portion of the firehouse to protect the town's antique fire trucks. A community committee was established to guide the next steps of this project. The Guild moved their office to the second floor of this building located at 9 Mechanic Street where staff is better positioned to monitor the building.

2007 Honors – the Guild was invited to participate in a study about **Rural Leadership** conducted by the Carsey Institute and the Endowment for Health. Staff received the **2007 Ounce of Prevention Award** for outstanding Leadership within the field of Family Prevention and Support.

The Guild Board of Directors and staff are grateful for the ongoing support and appreciation from the community and look forward to serving the residents of Farmington throughout 2008.

2007 Goodwin Library Annual Report

It was another busy year at the Goodwin Library. We added 834 adult books and 923 children's books to our shelves. With new audio books and videos we put a total of 1857 new items out for the community to enjoy. The library also sponsored 126 programs with a total attendance of 3543. We answered 4782 reference questions, borrowed 799 books through Inter-Library Loan, and loaned out 330 of our materials to other libraries. We had a record-setting 4347 people use our computer labs. The library continues to participate in Explore for Grown-Ups, hosting Monday Morning GED classes and other workshops.

Over the past few years, the Library has been tracking local use of the library. In 2007, 2225 town residents (34% of the town population) have current library cards and these residents represent 92% of our circulation totals. Both of these statistics are well above local and national averages. Congratulations Farmington for using your library!

As operating costs have continued to rise, the Library has continued to be proactive in attempting to control these costs. All technology purchases have been and continue to be Energy Star rated. As of 2006 the processing of all new materials is now done completely in-house, an average savings of \$3.60 per item- a savings of \$6685.00 just in 2007. This past year the library converted all the fluorescent lighting fixtures from the older T12 size to the more efficient and longer lasting T8 bulbs and ballasts. This will result in more than 40% savings on the lighting portion of our electric bill. As a result of our painting project, all the older windows were re-pointed and re-glazed making them more weather tight. We continue to maintain our two furnace systems so that they operate at peak efficiency. Even though we are now continuously operating on two floors, we have maintained our fuel consumption at pre-construction levels.

By far our proudest moment for 2007 was the Library's Summer Reading Program Kick-off. In an unique collaboration with Valley View Community School, Farmington Recreation, 500 Boys & Girls' Club, Chances, Farmington Day Care, Strafford County Head Start, and the Farmington Preservation Guild, along with the help of Hannaford Supermarkets, Wal-Mart, and the Holy Rosary Credit Union, the Summer Reading Program featured a community-wide cookout and magic show. Over 200 people visited the 500 Club's brand new ball fields for great food and entertainment. The Library was awarded the Humanities Council sponsored "Kids, Books, and Arts" grant and received many accolades from the New Hampshire State Library for this innovative co-operative effort of town departments, local non-profit agencies, and local businesses.

Remember to check our website at www.goodwinlibrary.com for updated information on new books, programs and schedules. We also encourage members of the community to join the Friends of the Goodwin Library. This non-profit organization provides continued support to the library by sponsoring programs, funding special requests, and advocating for library services.

The Goodwin Library wishes to thank the Farmington Community for its continued support and we look forward to providing the best library service and materials for all the community's information needs.

Director, Goodwin Library

2007 Homemakers Health Center Report

Thanks to our partnership with the Town of Farmington over the past several years, The Homemakers Health Services has successfully provided critical home health, home support and adult medical day care services to those residents of Farmington who do not have the ability to pay for them.

Since 1974, our mission at The Homemakers has been to help older and disabled Strafford County residents remain independent, in their own homes and out of nursing homes, by providing professional, cost-effective, quality home health, home support and adult medical day care services.

Annually, our Agency provides nearly \$3.5 million worth of home health, home support and adult medical day care visits to elderly and disabled persons throughout the County. These visits include skilled nursing, rehabilitative therapies, medical social work, home health aide, homemaker, adult in-home care, Alzheimer's respite and adult medical day care services.

As health care professionals, we at The Homemakers are committed to providing these services to all of those in needs, regardless of a person's ability to pay. Over the past three years, The Homemakers has provided an annual average of more than \$211,590 worth of nonreimbursed home health, home support and adult medical day care services.

Each year through our annual Charity Care fundraisers, The Homemakers has successfully raised more than half of the cost for nonreimbursed services provided.

Despite our success with such events, the cost of providing services for which we are either not reimbursed at all, or inadequately reimbursed by Medicare and Medicaid, continues to exceed the amounts raised through these events, and it is a continuous struggle to carry these losses.

We look forward to continuing our partnership with the Town of Farmington to provide health care services to those Farmington residents who cannot afford the cost of the vital health care services they need to remain healthy and independent in their own homes.

During Fiscal Year 2007, The Homemakers:

- Provided 14,736 skilled health care visits throughout Strafford County, which included nursing, rehabilitative therapies, medical social work and home health aid visits;
- Provided 24,082 home support visits, which included homemaker and in-home care provider visits;
- Provided 44,929 hours of Adult Day Care for older and disabled person as well as respite for their caregivers;
- Offered numerous community wellness programs including flu clinics, Alzheimer's Educational Seminars for Caregivers; monthly Strong Living, Aerobics of the Mind, Friend to Friend, free Advance Directives seminars, facilitated a monthly Alzheimer's Support Group and hosted a weekly TOPS (Take Off Pounds Sensibly) chapter.
- Delivered more than 200 Holiday Food and Gift baskets to elderly and/or disabled people throughout the county.

In recognition of The Homemakers dedication and contribution to the health of elderly persons in our community, Citizens Bank New Hampshire and WMUR-TV named The Homemakers Health Services as its 2007 first quarter *Champion in Action* in the area of Elder Support. The *Champions in Action* program is designed to recognize and support non-profit organizations for their contributions to New Hampshire communities.

In addition, the Agency was named to the 2007 HomeCare Elite, a compilation of the most successful Medicare-certified home health care providers in the United States. This annual review identifies the top 25 percent of agencies, ranked by an analysis of performance measures in quality outcomes, quality improvement and financial performance. The data used for this analysis is compiled from publicly available information.

2007 Northern Strafford County Health and Safety Council Annual Report

The Town of Farmington and the Northern Strafford County Health and Safety Council (NSCHSC) celebrated its fourth year of public health partnership in 2007.

Farmington Emergency Management Director and Health Officer, Ms. Deborah Lee, continued as the board representative. Her perspective and commitment to improve the health and wellbeing of Farmington residents has been a tremendous asset to the board. We look forward to our continued partnership in 2008.

Emergency Preparedness and Planning

- Emergency personnel from Farmington were part of a multi-town team chosen to participate in a Center for Disease Control (CDC) statewide exercise on April 13th and 14th which tested our capacity to distribute anti-viral medication to the general population during a public health emergency. A follow up drill is planned for May 2008 in Farmington.
- Received a 93% score from the CDC on our mass vaccination plan which will assist Farmington residents should a disaster occur that requires broad vaccination or prophylaxis distribution.
- Completed the regional public health response plan, risk communication and pandemic response plan for avian flu pandemic and other public health emergencies. Awarded \$32,000 Pandemic Planning grant for regional work. Farmington is an active participant in this process.
- Awarded \$15,000 Citizen Corps Grant to continue the regional Northern Strafford County Regional Citizens Reserve Corps. Farmington residents are encouraged to contact the NSCHSC at 335-0168 to become a trained volunteer.
- Awarded a Medical Reserve Corps grant to recruit trained and credentialed medical volunteers for regional emergencies.
- Provided Continuity of Operations training to regional partners to help sustain business operations after an emergency.

Public Health Programs

- Awarded \$18,000 from the New Hampshire Charitable Foundation to assess and explore possible solutions for the teen health disparities in Northern Strafford County as compared to other regions of the state. This grant will use teens, parents and providers to find solutions to the growing issues faced by the youth in the region.
- Awarded \$24,000 from the Endowment For Health and \$20,000 from the United Way of the Greater Seacoast to explore implementation of a volunteer physician program to address the issue of uninsured residents and the lack of access to medical services. Access to health care for the uninsured in Strafford County, as well as in the rest of the state, is a well-documented problem. Based on federal designations of provider shortages, lack of insurance, and other barriers to utilization, Strafford County residents are using our emergency departments for primary care and entering the system having delayed care.
- Continued Lead Action Coalition to examine lead level exposures in the region and the public health risk for children.

NSCHSC looks forward to our continued partnership with Farmington and the region on public health initiatives during 2008. We welcome feedback and increased participation in programs for the town and region. For more information, please contact the organization at:

NSCHSCPO, Box 564Rochester, NH 03867Phone: 335-0168. Email bandrewsparker@nschsc.org

2007 Sexual Assault Support Services Annual Report

Sexual Assault Support Services is dedicated to supporting victims/survivors in their effort to heal from the trauma of sexual assault, childhood sexual abuse, and stalking while striving to prevent the occurrence of sexual violence in local communities and in society at large.

The mission is accomplished by providing the following devices:

- Confidential 24-hour toll free sexual assault crisis hotline
- 24-hour advocacy and support at police stations, hospital emergency rooms, the courts, and the Child Advocacy Center
- Support groups for rape survivors, sexual abuse survivors, parents, and others affected by sexual violence
- Professional training and consultation to police departments, hospitals, schools and others in the community
- Sexual abuse and sexual assault prevention education in the schools and the community organizations for children, teens and parents
- Sexual harassment workshops for the community
- Information and referral services

CLIENT SERVICES

During the 2007 calendar year, SASS responded to 910 people, providing 7496 units of service through hotline calls, accompaniments at hospitals, police departments and Child Advocacy Centers and the provision and support groups.

EDUCATION PROGRAM

SASS educators had another busy year. SASS was able to present its range of age-based programs to a total of 8116 students, 710 Teachers and over 1323 other adults. They spent nearly 567 hours in classrooms and often were able to present a series of programs to one classroom, which has been shown to be especially effective in both gaining rapport with the students and getting our important message of personal body safety across.

OUTREACH AND SPECIAL EVENTS

There were four major special events for SASS in 2006-2007. September 2006 saw SASS hosting an evening Cruise on the Piscataqua and in October we partnered with a Safe Place to host the second annual Porchlight Luncheon. Our popular Beatlejuice concert was held in February and April brought the SASS Walk-a-thon to the streets of Portsmouth. This year the walk also featured a "kids table" where the youngest in our community could decorate a t-shirt.

SASS was also represented at numerous community events: the Dover Coalition of Youth, Aids Response of the Seacoast, UNH Justice Studies, Common Table at St. John's Church, Market Square Day in Portsmouth, and both attended and presented at a number of statewide conferences.

All of these programs were enhanced by the contributions from towns like Farmington, and we so appreciate your participation in helping to keep Sexual Assault Support Services a vital agency.

Respectfully Submitted,
Diane Giese

2007 Strafford County Community Action Annual Report

Farmington remains a town with residents who have used all their resources trying to provide for their families and have serious difficulty paying for basic necessities like food, shelter, and medical care.

Many Farmington residents continue to pay more for rent and utilities than the federal government says is affordable. Some pay more than half of their income for rent and utilities. Many fall behind on their oil and electric bills, and many are unable to pay their full rent or mortgage at least once in the year.

The past year saw Fuel Assistance participation in Farmington up by 5%, Electric Assistance down 6%, Weatherization way up - 97% - and budget counseling up 14%.

Some Farmington households continued to lack access to adequate food at some point during the year because they didn't have enough money for groceries. Food pantry usage in Farmington was about 10% less, just as well in a year in which commodity food distribution was down 90% in Farmington.

(The NH Food Bank distributed 40,000 pounds less food than last year, causing shortages at food pantries it supplies.)

In 2006 we had the "Mother's Day Flood," and in 2007 we had the "April Fool's Flood." Once again, SCCAC worked with the N.H. Department of Safety and the Bureau of Emergency Management to provide relief to flood-affected households, to include 8 families in Farmington.

Slightly fewer residents required the assistance of the Homeless Outreach/Intervention program, but Strafford County has seen a significant increase in the amount of property foreclosures, most in Rochester, but homeowners in Farmington have also received foreclosure notices, 6 by mid-November, and there may be more to come.

Poverty has remained stubbornly high. In a community in which more than 25% of households are single parent households, and which has a problematic high school drop out rate, poverty likely will only increase further if the economy goes into a slowdown or recession in 2008.

We believe, however, that by providing helping hands together to work on programs of mutual concern, there is no obstacle we cannot overcome to protect vulnerable Farmington households.

Strafford Regional Planning Commission 2007 Report

Strafford Regional Planning Commission (SRPC), a political subdivision of the State of New Hampshire, serves in an advisory role to the Town of Farmington and seventeen other member communities. We provide professional planning services to help officials, boards and citizens manage growth and to facilitate regional collaborative efforts.

SRPC's professional staff offers a range of planning services in transportation; land use, conservation, natural resources, downtown revitalization, and geographic information systems (GIS) mapping and analysis. These services are available in customized modes to meet the diverse needs of the volunteers who are the foundation of communities. Our member communities also have access to additional SRPC educational resources including our website, workshops and forums, and personalized training.

SRPC conducted the following projects and initiatives for Farmington in 2007:

- Provided contract services as Town Planner, reviewing subdivision and site plan applications, updating the subdivision/site plan regulations, site plan application and checklist, and preparing draft language for zoning changes.
- Served on interview committee for Director of Planning and Community Development.
- Met with Economic Development Committee on access and development issues within Sarah Greenfield Business Park.
- Provided GIS mapping services to Town staff and the Conservation Commission, and compiled a comprehensive GIS data CD for the Director of Planning and Community Development.
- Created a comprehensive GIS land use data layer, identifying categories of land use in town.
- Provided assistance with successful Safe Routes to School Grant application.

SRPC also provided the following services to Farmington and other municipalities in 2007 including:

- Established a Regional Impact Committee, which reviewed three developments determined by local Planning Boards to have potential regional impact.
- Coordinated communities' responses to the NH Ten Year Transportation Plan.
- Hosted a Riparian Buffer Workshop to help communities protect water quality.
- Updated the Regional Travel Demand Model for traffic modeling and air quality conformity.
- Prepared Model Drinking Water for Protection of Surface Water Supply Areas Ordinance as part of the *Innovative Land Use Planning Techniques*.
http://www.des.state.nh.us/REPP/ilupth/20070805_drinking_water_supply.doc
- Distributed *New Hampshire Planning and Land Use Regulation* books to all local land use boards.

We look forward to working with the citizens and officials of Farmington in 2008. Thank you for the opportunity to serve you and for your continuing support of regional planning. Further questions or comments can be referred to Cynthia Copeland, AICP, Executive Director at cjc@strafford.org. Please visit our website at www.strafford.org.

2007 Rochester District VNA Annual Report

Rochester District VNA (Your VNA) continues to serve as your home health agency providing skilled nursing, rehabilitative therapies, medical social work, licensed nursing assistance and supportive services on an intermittent basis throughout your community. The acuity of our patients is constantly increasing. Many patients need IV therapy, enteral feedings, therapy after knee/hip replacements and complicated wound dressings. We are proud to provide you with highly skilled clinicians ready to meet the demand.

Our Medicare reimbursement has been reduced by 11.9% in the past two years with additional reductions planned for the next four years. Skilled service provided under Medicaid is reimbursed by the state at less than half the cost to provide it. Our numbers of uninsured individuals receiving care increases each year. Your support of these services is crucial to people in need of skilled nursing and therapy care.

It is vitally important in this election year that everyone is aware of the importance of the health care issue. Adequate funding for home care is critical in keeping patients in their home, the most cost-effective and preferred place to receive care.

We provide support services including: homemakers, personal care attendants and in-home companions paid by Title XX and Strafford County funding as well as privately paid services. These services allow individuals requiring minimal support to remain safely in their homes at the lowest possible cost.

We have improved our utilization of electronic charts resulting in the following: improved clinical efficiency and accuracy of documentation, flow of data to appropriate disciplines at the time most needed, ease of viewing historical data, improved coordination of care, decreased man hours with less manual paper processes and a reduction of errors. Telehealth use continues to increase. The results of daily monitoring of our most seriously ill patients helps prevent additional visits to the emergency room through early interventions.

We have added a service this fall. We opened an Adult Day Center at our office, 178 Farmington Road, Rochester. This provides care, activities, socialization and medical monitoring of adults who are not safe to be home alone. The Center is open Monday-Friday from 8a.m.-5p.m. and is handicapped accessible.

Our biggest and most critical challenge is being dependent on the government for 85% of our revenue. We are unable to set reimbursement rates. We are dependent on what the government pays regardless of the cost to provide the care. Therefore, your continued support of Rochester District Visiting Nurse Association (Your VNA) is vitally important in meeting the many health needs in your community.

Farmington – 11 months #'s annualized

<u>Total visits by Service:</u>		<u># of Home Care patients - 130 admitted by payment source</u>		<u># of Visits</u>

2007 Town Meeting Minutes

March 14, 2007

The Farmington Boy Scout troop presented the flags and led us in the Pledge of Allegiance. Moderator, Emmanuel Krasner opened the meeting at 7:10PM. He read the results of the voting on March 13th for both town and school. We then proceeded to Articles 5 and 6.

Article 1.

To choose two Selectman for three years; one Selectman for one year; one Town Clerk-Tax Collector for three years; one Treasurer for one year; one Trustee of the Trust Funds for three years; one Trustee of the Trust Funds for two years; one Trustee of the Trust Funds for one year; three Budget Committee positions for three years; two Budget Committee positions for one year and one Supervisor of the Checklist for three years. **(Official Ballot)**

Article 2.

To see if the Town will vote to amend the Town of Farmington Zoning Ordinance as proposed by the Planning Board as follows: Insert into Section 1:14 definitions for "Clubs or Lodges", Heavy Equipment Sales", and "Wind Generators". **(Official Ballot)**

Article 3.

To see if the town will vote to amend the Town of Farmington Zoning Ordinance as proposed by the Planning Board as follows: Make extensive changes to the Table of Permitted Uses that will revise which uses are permitted as a matter of right, which uses are permitted with review, which uses require a special exception, and which uses are not permitted in certain districts. **(Official Ballot)**

Article 4.

To see if the town will vote to amend the Town of Farmington Zoning Ordinance as proposed by the Board of Selectmen as follows: Amend Table 2.04(B)-space and Bulk Standards-Urban Residential District to decrease permitted density where the lot is connected to both town water and wastewater from one dwelling unit per 5,000 square feet to one dwelling unit per 10,000 square feet. **The Planning Board recommends this article. (Official Ballot)**

Article 5.

To see if the Town will vote to rescind the provisions of RSA 31:95-c to restrict 100% of revenues from the collection of fees assessed to septage haulers who dispose of septage at the Farmington septage lagoons to expenditures for the purpose of operating and constructing new septage lagoons or other disposal alternatives and to defray any closure and post closure monitoring costs of the septage lagoons. The balance in the fund is \$0.00. **(Ballot Vote Required)**

Article 6.

To see if the Town will vote to rescind the provisions of RSA 31:95-c to restrict 100% of revenues from the collection of Fire Inspection Fees to expenditures for the purpose of funding the position of Fire Inspector. The balance in the fund is \$0.00. **(Ballot Vote Required)**

Emmanuel Krasner, Moderator read articles 5 & 6. Arthur Capello made a motion to have the voting open for one hour, seconded by Rich Cilley. Mike Morin moved to take Articles 5 & 6 together, seconded by Paul Parker. Manny explained the procedure. There was no discussion and the motion was approved by a show of cards vote. Mike Morin made a motion to approve Articles 5 as written. This motion was duly seconded. Manny questioned why these accounts are empty and why they are being closed. It was explained that we no longer accept septage into the lagoons, therefore there is no income from that. A motion to approve Article 6 was made by Paul Parker, seconded by Mike Morin. Manny asked same question for this account. Paula Proulx, Chairman of the Board of Selectmen, explained that fire inspections are now done through the full-time fire chief and we not paying for an inspector. The money now goes into the general fund. There was no more discussion and secret ballot voting began.

2007 Town Meeting Minutes

March 14, 2007

Article 7.

To see if the Town will vote to raise and appropriate the sum of **\$5,559,890.00 (Five Million Five Hundred fifty-Nine Thousand Eight Hundred Ninety Dollars)** for the operation, expenses, and commitments of Town Government which represents the bottom line of column No. 8 (The Budget Committee's Budget) in the posted budget (MS-7). This appropriation does not include any of the appropriations presented individually in Articles 8 through 19. **The Selectmen and Budget Committee recommend this article. (Majority Vote Required)** (This article has a tax rate impact of
-\$\$.28)

Brandon LaRoche made a motion to amend the motion to remove the town administrator line from the budget. His motion died for lack of a second. A motion to approve was made by Arthur Capello seconded by Michael Morin. Discussion followed. Manny questioned why the landfill budget is increased. Joel Moulton responded that lines were added to help with the disposal fees, preliminary costs of the landfill closure and upcoming engineering. Joel was questioned why so little was spent on paving of the roads and so little on gravel. Joel responded that in response to the flood much work was done to stabilize the roads and he would like to continue to stabilize the roads before paving any more. The article was approved by a show of cards vote.

Article 8.

To see if the Town will vote to raise and appropriate the sum of \$7,500.00 (Seven Thousand Five Hundred Dollars) to be added to the Public Buildings Maintenance Capital Reserve Fund previously established. This sum is to be raised by taxation. **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** (This article has a tax rate impact of \$.02)

Sylvia Arcouette made a motion to approve as written, seconded by Joe Pitre. Manny questioned how there can be a capital fund for maintenance. Paula Proulx responded that the money is used for big maintenance items like boilers, roofs, etc. for the Town buildings. Penny Morin asked what the balance of this account is now. On page 63 of the town report the balance is listed as \$22,880. Article 8 was approved by a show of cards vote.

Article 9.

To see if the town will vote to raise and appropriate the sum of \$420,000.00 for the purchase of a 2007 Quint pumper/ladder truck and to authorize the withdrawal of \$420,000.00 from the Fire Equipment Capital Reserve Fund established for this purpose. **The Selectmen and Budget Committee recommend this appropriation. (Majority Vote Required)** (This article has no tax rate impact)

Paul Parker made a motion to approve as written, seconded by Brandon LaRoche. Charles Doke questioned if the purchase has already been made yet and if there is a contract. Fire Chief responded there is a signed contract but the vehicle has not been purchased. Article 9 was approved by a show of cards vote. Rick Gladding made a motion to limit reconsideration of this article, seconded by Stephen Dean. The motion to limit reconsideration was approved by a show of cards vote.

Article 10.

To see if the Town will vote to raise and appropriate the sum of \$50,000 (Fifty Thousand Dollars) to be added to the previously established Fire Equipment Capital Reserve Fund. **The Selectmen and Budget Committee recommend this appropriation. (Majority Vote Required)** (This article has a tax rate impact of \$.10)

2007 Town Meeting Minutes

March 14, 2007

Richard Gladding made a motion to approve as written, seconded by Diane Carrier. Penny Morin asked if this money is going to be earmarked for a particular purpose.. Chief Fowler responded the money will be put away for future purposes that may come. Article 10 was approved by a show of cards vote. Richard Gladding made a motion to restrict reconsideration, seconded by Paul Carrier. This motion was approved by a show of cards vote.

Article 11.

To see if the Town will vote to raise and appropriate the sum of \$50,000 (Fifty Thousand Dollars) to be added to the previously established Highway Motorized Equipment Capital Reserve Fund. **The Selectmen and Budget Committee recommend this appropriation. (Majority Vote Required)** (This article has a tax rate impact of \$.10)

Bill Tsiros made a motion to approve as written, duly seconded. Hearing no discussion, the article was approved by a show of cards vote.

Article 12.

To see if the Town will vote to raise and appropriate the sum of \$125,300 for the purchase of a new excavator and to authorize the withdrawal of \$125,300 from the Highway Motorized Equipment Capital Reserve Fund established for this purpose. **The Selectmen and Budget Committee recommend this appropriation. (Majority Vote Required)** (This article has no tax rate impact)

Mike Morin made a motion to approve as written, seconded by Ann Titus. Brandon LaRoche asked for the condition of the current excavator. Joel explained that we do not have one, we are renting one and that the Selectmen felt that their money would be better spent to purchase, vs. renting. Joel was asked if we have a flat bed to move it on by Manny to which Joel answered yes. There was no further discussion. Article 12 was approved by a show of cards vote.

Article 13.

To see if the Town will vote to raise and appropriate the sum of \$11,105.00 (Eleven Thousand One Hundred Five Dollars) to be added to the previously established Future Technology Improvements Capital Reserve Fund. **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** (This article has a tax rate impact of \$.03)

Steve Dean made a motion to approve as written, seconded by Arthur Capello. Questions about the warranties, etc. ensued. Steven Dean asked if the upgrade to Channel 26 could come from that. Ed Mullen explained that that is funded through franchise fees. Arthur Capello asked what the amount was in the account now. John Wingate said that the balance was \$27,230.50. It was explained that the "odd" amount came from numbers in the old CIP plan. Article 13 was approved by a show of cards vote.

Article 14.

To see if the town will vote to raise and appropriate the sum of \$5,000.00 (Five Thousand Dollars) to be added to the Emergency Medical Motorized Equipment Capital Reserve Fund previously established. **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** (This article has a tax rate impact of \$.01)

A motion to approve was made by Steven Dean, duly seconded. Steven Dean said that he assumes that this is going to buy another ambulance or upgrade the ambulance build up for new one in 5 years. What do we have now? Fire Chief, Rich Fowler explained. Mike Morin asked what the going price

2007 Town Meeting Minutes

March 14, 2007

would be another 5 years. Rich said it would be about 140,000. The current balance is \$42,000 and change, so we will only have ½ in 5 years. Mike Morin made a motion to amend to increase by \$10,000 to \$15,000 so that we will have more than ½. This was seconded by Arthur Capello. (tax rate impact .03). Chief was asked what the the plan was to fund the rest. Chief explained that 5 years is a guess, decisions would be made as we go and the difference would come from taxation. Penny Morin asked if the old ambulance would be used as a trade-in. Rich said it would be worth maybe couple of thousand dollars. Steven Dean asked the Chief why the amount was lower. Chief said that it was \$28,000 in the past. Bill Tsiros said that it was lowered because this was a tough year for priorities. He said that we could raise more over the next years and spending will not be as much for other items. Arthur Capello understand the logic, but he felt that every year someone will need something, so it will always be a difficult year. Paul Parker said that the other part of the discussion was the development of the CIP. When that is complete the numbers will be adjusted as necessary. Ron Curtis asked what happens if the amendment is defeated and he was told that it would go back to the original motion. Discussion ended and the amendment was defeated by a show of cards vote. We were then back to the original motion. There was no further discussion on the main motion, and the article was approved by a show of cards vote.

Article 15.

To see if the town will vote to raise and appropriate the sum of \$43,750.00 (Forty-Three Thousand Seven Hundred Fifty Dollars) to be added to the Public Safety Building Capital Reserve Fund previously established. **The Budget Committee does not recommend this appropriation. The Selectmen recommend this appropriation. (Majority vote required)** (This article has a tax rate impact of \$.10)

Bill Tsiros made a motion to approve as written, seconded by Gerry McCarthy. Arthur Capello made a motion to amend to \$10,000 seconded by Mike Morin. A Capello said that the reason the Budget Committee didn't recommend is that there is no concrete plan for putting something aside. Brandon LaRoche said that he was concerned that, if we don't raise enough it would likely be raised through a bond. Manny Krasner said that it would be either a bond or taxation which would be decided by the Selectmen and Town Meeting. Lars Dore said that he believes it should stay at \$43,750. He said that towns around always get shot down when they try to do it through taxation or bonding. He said that we do have a plan for the future, when you are probably talking over a million for a building which will also be for the police department. Lars also said that he felt that the police are even in more need than the fire department. He said that the more we put aside now, the less we would have to bond later. Penny Morin said that she liked having it go down to \$10,000 because we really don't have a plan, so we should wait for a better tax year. A Capello agreed that it was a tough tax year. Bill Tsiros said that it was a tough year, but all of the decisions and projects had input and corporation of department heads. He thought it was important and should be continued. Rich Cilley said that he is for a public safety building. His concern was that, if we save too much money now without a plan in place then we cannot get a grant and he hopes we could get a matching grant. He felt we should get an architect and put together a committee. Scott Roberge explained that the building, according to the old CIP plan was slated for 2010. As it is now, difficulty building a garage, let alone a police station. Last year \$300,000 on highway department. Much discussion ensued on the space problems at the police station. Arthur Capello said that he was not questioning the need. He was concerned by the lack of any real plan. He questioned why it couldn't be be earmarked to come from unanticipated revenues. Brandon Laroche asked that, if we were to bond it, what would we be paying to the bank for interest. Manny Krasner said that it depends on the interest rate that year and our bond rating. Paula Proulx said our undesignated fund balance got kicked down from 12% down to 8% last year and the Selectmen did not want to see it go any lower. There was no more discussion on the amendment. The amendment was opposed by a show of cards vote. Brandon Laroche made a motion to amend to \$60,000 to put more money away. There was no second, so the motion failed. Penny Morin made a

2007 Town Meeting Minutes

March 14, 2007

motion to amend to \$23,750, seconded by Joyce White. There was no discussion and the motion was opposed by a show of cards vote. Mike Morin made a motion to take the money from unexpended fund balance at the end of the year. This was duly seconded. It was asked if there was any guarantee that there would be extra money at the end of the year. Bill Tsiros liken it to taking off in an airplane with half a tank of fuel. The motion defeated by a show of cards vote. A motion to call the question was made by Brandon Laroche, duly seconded and approved by a show of cards vote. The original motion was approved by a show of cards vote. Richard Gladding made a motion to restrict reconsideration. This motion was duly seconded and approved by a show of cards vote.

Article 16.

To see if the town will vote to raise and appropriate the sum of \$3,000.00 (Three Thousand Dollars) to be added to the Recreation Department Capital Reserve Fund previously established. **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** (This article has a tax rate impact of \$.01)

Rich Cilley made a motion to approve as written, seconded by Ann Titus. There was no discussion and the article was approved by a show of cards vote.

Article 17.

To see if the town will vote to raise and appropriate the sum of \$380,000.00 (Three Hundred Eighty Thousand Dollars) for the design work and replacement of the Ten Rod Road Bridge project and to authorize the withdrawal of \$76,000.00 (Seventy-Six Thousand Dollars) from the Bridge and Road Design Capital Reserve Fund previously established for this purpose for the town's 20% share of participation cost in the NHDOT Municipal Bridge Aid Program. The balance of \$304,000.00 shall be reimbursed to the town from the NHDOT Municipal Bridge Aid Program. **The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)** (This article has no tax rate impact)

Bill Tsiros made a motion to approve as written, seconded by Martin Gilman. Arthur Capello asked if the engineering is done. Joel said that the Town's 20% share goes to the design and engineering. Joel was asked where it is. He explained that it is just before Yonder Ridge development coming back from Rochester. It looks like a footbridge with no guardrails. Mike Morin asked if this was part of a bridge improvement plan. Joel replied that it was. Article 17 was approved by a show of cards vote.

Article 18.

To see if the Town will vote to raise and appropriate \$27,000 (Twenty-seven Thousand Dollars) for the purchase of one police cruiser and to authorize the withdrawal of \$13,000 (Thirteen Thousand Dollars) of surplus funds from the Police Outside Details Special Revenue Fund to apply toward this purchase, with the balance of \$14,000 (Fourteen Thousand Dollars) to come from general taxation. **The Selectmen and Budget Committee recommend this appropriation. (Majority Vote Required)** This article has a tax rate impact of \$.03)

A motion and second to close the polls on Articles 5 and 6 was made and approved by a show of cards vote. The articles were approved as follows:

Article 5 98-7

Article 6 98-7

Bill Tsiros made a motion to approve Article 18 as written, seconded by Arthur Capello. Brandon Laroche asked how many vehicles the police department had and how much mileage was on them. Chief explained. We are replacing the Ford expedition which has 110,000 miles and is 7 years old. Arthur Capello asked if it will be replaced with a 4- wheel drive vehicle. Chief Roberge said that he is

2007 Town Meeting Minutes

March 14, 2007

downscaling to a Ford Explorer. There was no further discussion and Article 18 was approved by a show of cards vote.

Article 19.

To see if the Town will vote to raise and appropriate \$10,000.00 (Ten Thousand Dollars) for the purpose of painting of the exterior trim of the Goodwin Library. This amount is to come from general taxation. **The Selectmen and Budget Committee recommend this appropriation. (Majority Vote Required)** (This article has a tax rate impact of \$.02)

Joan Funk made a motion to approve as written, seconded by Arthur Capello. Lars Dore said he would paint the trim on the library for 10,000. Arthur Capello stated that it also included capturing the lead paint from the building. It was asked if there was a fund in the library. Manny Krasner said he is on library trustees and that their funds are used up. He stated that the primary cost is for lead paint removal. There was no further discussion and Article 19 was approved by a show of cards vote.

Article 20.

To see if the town will authorize the Board of Selectmen to appoint a Capital Improvement Program Committee, which shall include at least one member of the Planning Board, to prepare and amend a recommended program of municipal capital improvement projects projected over a period of at least 6 years. **(Majority Vote Required)**

Sylvia Arcouette made a motion to approve as written, seconded by Mike Morin. Arthur Capello asked if anyone from community would be selected. Gerry McCarthy explained that the procedure is set by RSA and that they would have a citizen. Mike Morin asked if the school would be involved. It is hoped that they will. There was no further discussion and Article 20 was approved by a show of cards vote.

Article 21.

To see if the Town will vote to authorize the Selectmen to sell to the highest bidder municipal vehicles and other equipment as determined by the Selectmen, with proceeds to go into the general fund. **(Majority Vote Required)**

A motion to approve Article 21 was made by Joan Funk, seconded by Penny Morin. There was no discussion, and Article 21 was approved by a show of cards vote.

Article 22.

To see if the Town will vote to accept the roads known as Holly Lane and Cherub Drive as Class V town roads. **(By Petition) (Majority Vote Required)**

Manny Krasner asked if the petitioners cared to make the motion. John Theriault made the motion to approve as written, seconded by Lisa Dore. Arthur Capello asked if the road agent had inspected it. Joel Moulton stated that he has some concerns with the underlying materials in phase 1 and 2. There are concerns to be addressed. Arthur Capello asked that if we accept it then does it become the town's responsibility. Paul Parker added that the Planning Board is currently reviewing for compliance. Hiram Watson stated that the town is holding a \$40,000 bond on the project. He questioned if that would cover. Joel was not sure. Brandon LaRoche asked what class road it was. It is a class 6 private road. Arthur Capello asked Paul Parker to elaborate about the planning board review. Paul Parker said that they are holding a compliance hearing. They are reviewing this on Tuesday. Bill Tsiros stated that they had come to the board for their support. The board did not take any position, but they felt it would be premature to accept the road. He recommended waiting until Joel is satisfied and the Planning Board was done. John Theriault stated that an engineering firm was

2007 Town Meeting Minutes

March 14, 2007

hired to confirm that it was done to specs. He felt that it was ready. There are some planning issues, but we should not release the bond until those problems are fixed. Those who bought were falsely told that the roads would be taken over by the town. They have no sense of security that it will continued to be maintained and plowed. He felt that the town has an obligation to get to them for emergency services. If it is not maintained, this cannot happen. Presently the school bus is not allowed to go up the road. He urged that it was a safety issue and the road should be accepted now. He said that there was between \$90,000 and \$100,000 in taxes along those roads. A good portion of that money is supposed to be used to take care of roads. Arthur Capello said that many people who live on private roads and have associations. He felt that it was a civil matter dealing with the association. He also stated that they are taxed at a lesser rate. It was also stated that, if it was not plowed, the town would plow it and send the bill to them – in the case of an emergency. Lisa Dore said that it was a safety issue if the school buss cannot come into the sub-divisions. She asked if the police had the same presence on a private road as a public one. Chief Roberge said that they do patrol all roads, public and private. Lisa Dore asked if they would be eligible for an abatement if this does not pass. Kathy Seaver said that they can apply. She also explained that assessments are driven by sales, so it is a catch 22. The sales are showing the same value as on a public road. Brandon LaRoche said that we are supposed to be providing for the common good. He stated that he lives on a private road and we should be accepting other roads as well. Jacqueline Capella said that we have some unknowns as to cost. We have a bond for \$40,000 set aside. She asked if any estimates had been done to bring it up to current standards. She said that it sounds like it is a multi-year issue to get the estimates and to know what that is going to be. Joel said that he was only present for phase 3. They are going to do a site walk and do up a punch list for the cost. He was asked how long the road was and said that it was a little better than ½ mile. He also said that the contractor paved the road prior to the inspection so no one got to observe the underlying materials. There are drainage issues as well as pedestrian issues. Brandon asked if it was possible to offer an amendment to have the concerns to be addressed and then be approved. Manny stated that it was not possible. James Spaulding said that he had not been up there, but he cannot see having it accepted if it is not up to standards and thus making the town liable. Gerry McCarthy stated that the town should require the developer to fulfill his obligations. Debbie Correia expounded on the condition of the roads and stated that the town should accept them. There was a motion to call the question, duly seconded and approved by a show of cards vote. Jeff Vaughn called for a point of order. Prior to the motion to call the question, the moderator had pointed out 3 people that he was going to allow to speak in turn. The first one made the motion to call the questions. He felt that we should have more discussion. The moderator stuck with his decision. The vote on the main motion was unclear by a show of cards vote. The counted show of cards vote was Yes 42 No 63. Arthur Capello made a motion to restrict reconsideration. This was duly seconded and approved by a show of cards vote after an explanation that the restriction was only for reconsidering tonight.

Article 23.

To transact such other business as may legally come before this meeting. **(Majority Vote Required)**

Kathy Seaver made a motion to adjourn, duly seconded and approved by a show of cards vote at 9:30PM.

Respectfully submitted,

Kathy L. Seaver, Town Clerk
